

TENSIONED HORIZON ELECTROL®

Optimum Viewing of Multiple Video Image Formats

- Excellent for video projection applications.
- Same great features as our Horizon Electrol screen except screen is tensioned for an extra flat surface for optimum image quality when using video or data projection.
- Tab guide cable system maintains even lateral tension to hold surface flat while custom slat bar with added weight maintains vertical tension.
- Unique “step-back” masking design eliminates shadow.

All fabrics will be seamless.

For optional remote control operation see options on pages 40-42.
